## Feedback Analysis of Stakeholders and Action Taken Report

IQAC makes it a tradition to mandatorily collect feedback from stakeholders- students, teachers, alumni and employers. It collects and analyses the feedback from different stakeholders and submits the action taken report to the appropriate bodies.

### Objective:

The objective of this exercise is to gauge the impact of all the efforts of the institution on the various stakeholders. The institution intends to enhance its benefits to reach all the stakeholders. This feedback is collected and analysed through statistical tools. Based on the opinions of the stakeholders, further action is taken by the feedback committee.

### Methodology:

The Feedback on curriculum is collected from students by circulating the Feedback Forms. It is collected by the IQAC to deliberate on various suggestions made by the stakeholders. The IQAC holds a meeting to discuss the various suggestions and prepare an action taken report. The action taken report will be circulated among the staff members through the IQAC.
